7:00 P.M.—Wicklund School Multi-Use Room

The Lammersville School District is in the process of planning curriculum and academic programs for Mountain House High School and needs community input. Please join us on May 5, 2010, at 7:00 P.M. in the Wicklund Elementary School multi-use room to start planning our K-12 educational future. Together we will design a facility that will meet the needs of our children.
