PRESS RELEASE
November 20, 2008

The Lammersville Elementary School District will submit an appeal to the State Allocation Board requesting reimbursement of State Matching Funds for the construction of Bethany Elementary School. If successful, the District could receive approximately \$7.8 million. The funds were not awarded to the District last fall due to an error in submitting the final application on time.

District Superintendent Dale Hansen is confident that the District can demonstrate that all preliminary applications and correspondence with the State Office of Public School Construction indicate that the District intent has been to apply for the matching funds.

Schools in the Mountain House community are funded from a Community Facilities District. No educational funds were utilized to support construction on this project.
